Biden-Harris regime leaks Israel's plans for attack on Iran to the Iranians

OCT 19, 2024 6:00 PM BY ROBERT SPENCER

The betrayal is complete. Harris needs Michigan, and so Israel has to go. It also helps that the regime is made up of socialist internationalists who hate Israel as it contradicts their collectivist internationalist vision.

“US intelligence documents outlining Israel's potential attack plan on Iran leaked – report,” [Jerusalem Post](#), October 19, 2024:

“ Senior American officials voiced serious concern on Saturday following the leak of two US intelligence documents allegedly outlining Israel's preparations for a potential strike on Iran. These documents were published by a Telegram account linked to Iran.

While both the US Department of Defense and the Office of the Director of National Intelligence declined to comment on the leaked documents, they did not deny their authenticity.

The timing of the leak comes as Israel is completing preparations for a retaliatory strike in response to the October 1 missile attack. An unnamed senior Israeli official

secured by

remarked, "Israel's defense establishment is aware of the leak and takes it very seriously."

The leak occurred on Friday when the Middle East Spectator Telegram channel claimed it had received documents about Israel's strike preparations from a source within the US intelligence community. This Telegram channel is known for publishing pro-Iranian propaganda, and its associated Twitter account states that its operators are based in Iran....

I have said Israel should give the US detailed plans and timelines for an attack on Iran, and then, before the specified date, attack different targets from a different direction. "We saw the opportunity to attack undefended sites, so we took it"

The USN have been a honorable yet devious force since it's inception back in 1775. The USN are not above doing and using deception. Over the centuries we have many times counted on it. I think we learned some of it from the British.

Either that, or give US bold plans for certain targets that aren't actually on their lists, such as, say, the sacred mosques in Qum or Ma'ashed. Then when the US goes ahead and leaks that, Israel goes ahead w/ their *real* plans, and takes out Kharg island, or Khamenei, or a few nuclear sites here & there

Truly despicable. Demonic. Just as Ezekiel described the attack on Israel. Gog of magog and all the enemy nations.

Israeli intelligence is ten times superior to our numb nuts at the CIA Israel knows this and would not give anything real or pending plans to our own reprobates

somehistory says

Oct 19, 2024 at 8:36 pm

Even if Israel did not give any *real* plans, the fact that something was leaked is the issue. Leaking means they were **trying** to give a heads-up to iran.

St Croix says

Oct 19, 2024 at 9:01 pm

Yes. So I do hope the idea of “waiting until after the U.S. election” before striking the nuclear facilities is scuppered. Hopefully Israel gave the U.S. some throwaway bit of info. Didn't the Israelis let on a short while ago that they know “leaking” is an issue. At least when they didn't inform the admin about a major strike until it was in progress, no doubt for that reason.

Let's hope they proceed “expeditiously” in their plans. As Iran could have a nuclear weapon any day, according to some. Are they right? Wouldn't be surprised.

What Israel could do is give us a bunch of their *real* plans and a few unlikely scenarios as well tossed in, but which are so outrageous that they'll get the attention of the Blinkens, who'll be busy arm-twisting Israel into *not* following those (such as, say, a nuke attack on Teheran.) Israel can then go on and execute the other plans w/o any notice from the "Intel community"

He shouldn't, but the fact is that we have Israel at our mercy: if they don't give us that, we don't resupply them whatever they need for the Iron Dome

Perhaps a delay tactic to give Netanyahu an excuse to hold off until after the US elections to see if Trump will be on board to back his Nuke attack.

JW uses that one a lot! A real chestnut by now. And it always apropos.

How much longer, though? Will his face grace the internet much longer, except as the once-leader? He must surely be a little less smirky these days, with all his buddies being picked off by the Israelis?

I saw a clip on X, Iranians demonstrating outside the Israel embassy in Toronto, Canada I believe. Singing the Iranian anthem, shouting “Long live Iran! Long live Israel!” They were demonstrating—their gratitude—to Israel for taking out some of the top dogs, and hoping THE top baddie, the Cheshire Cat of yon photo, is next.

I knew it and in an earlier post i had warned that Israel shouldn't share their plans with the US because they would end up being leaked. Ukraine had shared their 2023 counter offensive plans with the US and they got leaked leading to a failure of the counter offensive. This is a repeat of history. The current US administration is unreliable and traitorous. I only hope that the plans Israel shared with the US were fake ones meant to fool Iran and the US and to put them on a wrong track.

Thomas Black says

Oct 19, 2024 at 7:28 pm

If was leaked by a source within the government without authority to do so, then it is likely a crime under the Espionage Act. Very few people would have had the authority to order such a leak. And if the leak was authorized, it speaks badly of the person ordering it.

It is ironic. Reports from multiple sources say that Iran will have nuclear bombs very shortly. Biden said he would not let that happen on his watch. Yet the US is leaking military plans to Iran.

I think it would be rather nice if Israel destroyed iran's nuclear facilities and picked off khamenei and all his entourage/potential successors on the eve of the election.

That way iran's regime and the dhimmicrats could go up in flames together.

I have no problem believing biden leaked these plans. Maybe the Israelis could do something about him and the filth behind him at the same time.

Maher Bitar is a palestinian who serves as Special Assistant to the President and Senior Director for Intelligence Programs on the White House's National Security Council staff. He served during Barack Obama's administration.

In 2006, as a student at Georgetown University, Bitar was a leader of the anti-Semitic, Muslim Brotherhood aligned Students for Justice in Palestine. As an SJP leader, he organized a BDS campaign against Israel and its supporters on his campus and chaired a panel at a BDS conference where participants discussed how to indoctrinate Christians to believe that Israel has no right to exist.

He also played a major role in the first impeachment of Donald Trump, working as a top aide to Adam Schiff in his capacity as general counsel for House Intelligence Committee Democrats.

I hope Israel used a variation of the WWII William Martin "The Man Who Never Was" plan. William Martin was the fictional character created by British Intelligence during World War II to spread false attack info to the Axis.

somehistory says

sporticus says

Oct 20, 2024 at 1:55 pm

It was a WWII British op called "Operation Mincemeat". Fictional character but a real dead body was used. It worked. The body with briefcase and fake papers of an invasion plan in the wrong place was pushed out of a submarine and washed up on the South coast of France. So gruesome it worked. A movie with Colin Frith was made recently but I haven't seen it.

-I say old chap, Churchill's secretary has sent a copy of the op to the Yanks.

-No problem Roger. That was an earlier draft which indicated that the Allies will invade at "Omaha" beach in Normandy next Saturday afternoon. All part of the plan.

tgusa says

Oct 21, 2024 at 11:05 pm

I believe that Operation Mincemeat was a deception regarding the invasion of Sicily. The Allies wanted to convince the Nazis that in reality the invasion would be Greece. The Omaha deception involved rubber tanks and vehicles, Patton and a fake Army. The Allies wanted the Nazis to think D-Day was a feint and the real invasion would come later at the Pas-de-Calais. In any event, the smarter

The editor of the Jerusalem Post is absolutely right when he wrote that if Kamala Harris would become the next US President that “Would be a disaster for Israel and for the Jewish people.”

For example, the supreme Ayatollah of Iran ,Khamenei as well as the other Muslim clerics as the ayatollahs and mullahs along with the Muslim members of the Iranian parliament do naturally favor having Kamala Harris in the Office of the President of the United States. This is because she would continue the policy of appeasement of Joe Biden of giving those despots of Iran everything they demand.

For Kamala Harris ,along with her many of her comrades of the Red /Green alliance that she would fill her administration with would gladly grant that anti America and anti-Israel Islamic regime all provisions that those tyrants of Iran clamor for.

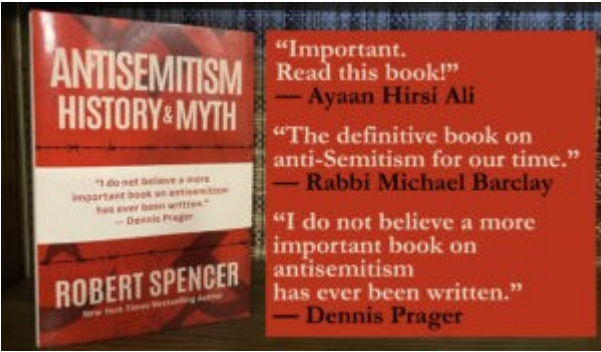

As the Jewish and Israel hating Islamic tyranny would then use the financial support given to it by Kamala Harris and use that money to obtain many deadly weapons to the it's proxy jihad murder machine entities and Hamas, Hezbollah and Islamic Jihad so that that those jihad groups would launch in many murderous Islamic terrorist attacks against the peaceful citizens of the State of Israel.

Furthermore , that “mullah regime” of Iran would also use that money to send its jihadist operatives through the porous US /Mexican borders ,created by the Biden/Harris team , to engage in future 9/11 murderous jihad affronts across the US.

So, indeed, those hostile and vicious Islamic dictators of Iran will do everything that they are able to do to ensure the Kamala Harris will be the next President of the United States.
